

## Product datasheet for **TA309826**

### **RAD51C Mouse Monoclonal Antibody [Clone ID: 2H11/6]**

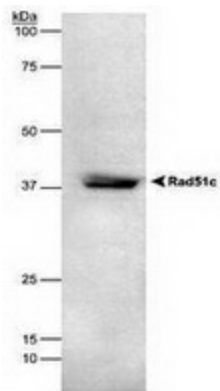

#### **Product data:**

Product Type:	Primary Antibodies
Clone Name:	2H11/6
Applications:	WB
Recommend Dilution:	WB
Reactivity:	Human, Mouse
Host:	Mouse
Isotype:	IgG1, kappa
Clonality:	Monoclonal
Immunogen:	His-tagged human Rad51C, over-expressed in E. coli.
Formulation:	PBS (physiological pH) and 0.02% Sodium Azide
Purification:	IgG purified
Gene Name:	RAD51 paralog C
Database Link:	<a href="#">NP_002867 Entrez Gene 114714 Mouse</a> <a href="#">Entrez Gene 5889 Human</a>
Synonyms:	BROVCA3; FANCO; R51H3; RAD51L2
Protein Families:	Druggable Genome
Protein Pathways:	Homologous recombination
