

## Product datasheet for TA324850

### NLK Mouse Monoclonal Antibody [Clone ID: 1146CT24.2.1]

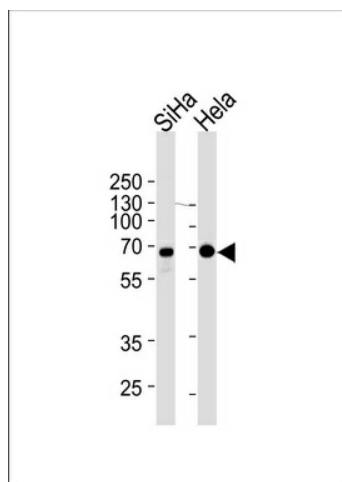

#### Product data:

|                         |   |
|-------------------------|---|
| Product Type:           | Primary Antibodies  |
| Clone Name:             | 1146CT24.2.1  |
| Applications:           | WB  |
| Recommend Dilution:     | WB: 1:1000  |
| Reactivity:             | Human   |
| Host:                   | Mouse   |
| Isotype:                | IgG2a   |
| Clonality:              | Monoclonal  |
| Immunogen:              | Purified His-tagged NLK protein was used to produced this monoclonal antibody.          |
| Formulation:            | Purified monoclonal antibody supplied in PBS with 0.09% (W/V) sodium azide.             |
| Concentration:          | 0.5 mg/ml   |
| Purification:           | This antibody is purified through a protein G column, followed by dialysis against PBS. |
| Predicted Protein Size: | 58283 Da  |
| Gene Name:              | nemo like kinase  |
| Database Link:          | <a href="#">NP_057315 Entrez Gene 51701 Human</a>                                       |
| Synonyms:               | DKFZp761G1211; FLJ21033   |
| Protein Families:       | Druggable Genome, Protein Kinase, Transcription Factors                                 |
| Protein Pathways:       | Adherens junction, MAPK signaling pathway, Wnt signaling pathway                        |
